

ressources/type.h

```
graph TD; A[ressources/type.h] --> B[vector]; A --> C[string];
```

A diagram illustrating a header file dependency. At the top, a dark gray rectangular box contains the text "ressources/type.h". Two blue arrows originate from the bottom edge of this box. The arrow on the left points to a light gray rectangular box labeled "vector". The arrow on the right points to a light gray rectangular box labeled "string".
